

Company Profile

We wish to avail this opportunity to introduce ourselves as one of the largest Stockiest, Importers & Traders for various types of Steel Materials in Kingdom of Saudi Arabia.

Shaaban Steel is a well-known name in the industrial sector and has been one of the key suppliers in metals to the national economy in Kingdom of Saudi Arabia for the last forty years.

With the growth of the Saudi economy before three decades and the industrial, urban and commercial progresses, Shaaban Steel was involved in keeping up with the requirements of this progress.

We have supplied to many of the infrastructure projects and other pioneer projects in the factories, companies and the governmental headquarters by all kinds of Steel and industrial metals.

Due to the long experience by the management of Shaaban steel and the high performance by a crew of staff, engineers, administrative and marketing people who are qualified by efficiencies and high experiences in the domain of steel and metals, we have our distinguished position in the metals business.

The distinguished position of Shaaban Steel made us a unique spot in its ability in providing greater provision of variety of metals and different sizes of steel at one place in the Middle East.

We are the first supplier in the Kingdom of Saudi Arabia in the domain of the retail sales ranging from 1c.m. to 100 meters and from 100 grams to 1 ton of all kinds of iron steel and metals.

LIST OF MATERIALS

No	Item Description	Specifications
1	Steel (Round – Square – Flat – Hexagon – Hollow Seamless Tube)	ST37K - CK45 - C60 – ST 52-C45
2	Stainless Steel (Round–Square–Flat–Hexagon–Seamless Pipe – Sheet- Angle)	304 – 316L
3	Alloy Steel (Round – Hexagon)	42Cr Mo 4 (4140) 34Cr Ni Imo 6 (4340) 21Ni Ci Mo 4 (8620)
4	Tool Steel (Round – Square – Flat)	1.2842 (02) / 1.2080(D3) 1.2344 (H13) / 1.2379(D2) 1.2436(D6) / 1.2714 (L6) 1.2312 (P20+S)/ 1.2210 (L2)
5	Cast Iron (Round – Square)	GG35 – GG25
6	Steel Round Bar hard chromium plated	CK45
7	Seamless Tube Pipes Hydraulic	ST 52
8	Fiber Bakelite (Round – Square –Flat - Sheet)	H6W
9	Aluminum (Round – Square – Flat – Sheet)	6082/ Al Mg Si 1.5
10	Brass (Round – Square – Hexagon - Sheet)	MS 58
11	Copper (Round – Square – Flat)	Cu Zn 30 Pb 3
12	Bronze (Round – Hollow)	LG2 – RG7
13	Tiger Bronze (Round – Square – Hollow)	PB1 – RG12
14	Aluminum Bronze (Round – Hollow)	Cu Al 10 Ni
15	Ertalon Plastic White & Black (Round – Sheet – Hollow)	PA6 N / PA6 B
16	Ertectal White & Black (Round – Sheet)	POM N / POM B
17	Pure Teflon (Round – Sheet – Hollow)	PTFE
18	Seamless Pipe Cold Drawn (Steel – Stainless Steel)	ASTM 53B, SCH 40 – SCH 80

*All above items are available in different sizes.

SERVICES

Efficient Deliveries:

Shaaban Steel provides customers with every conceivable value added services. As we maintain state-of-art cutting and processing equipment, we can handle most minute cutting sizes. In addition we offer complete technical counseling on size and grade selections supported by our most technically capable sales team.

Precision Plate Sawing:

Our facility is equipped with a precision METAL-SAW for close tolerance (+/- 0.005).

Cutting & Band Sawing:

Throughout each warehouse and branch, cutting stations are been set-up to cope to customers request for cut sizes for bar, square, hexagonal, plate and tubes.

Turner Workshop:

Our technicians can handle the most difficult jobs as we support our customers with precision equipment, machines, tools and trained & qualified machinist for any kind of turning or grounding jobs as per your metal requirements.

For more information please call us or visit our website.
